Subject: Invitation Letter to attend GNOME.Asia 2011 Hackfest and Summit at Bangalore, India

Dear Josselin Mouette,

On behalf of the GNOME.Asia 2011 organizing committee, we cordially invite you to GNOME.Asia Hackfest and Summit, to take place in Bangalore, India from March 28th until April 3rd 2011.

GNOME.Asia Summit is an annual conference for GNOME users and developers in Asia. The event focuses primarily on the GNOME desktop and other devices that use GNOME, and also covers GNOME-based applications and GNOME development platform tools. It brings together the GNOME community in Asia to provide a forum for users, developers, foundation leaders, governments and businesses to discuss both the present technologies and future developments.

GNOME.Asia Summit has been held in Beijing, China in 2008 and Ho-Chi-Minh City, Vietnam in 2009. The summit has been recognized as one of the top three FLOSS conferences in China in 2008 by the Chinese government and the biggest FLOSS conference in Vietnam in 2009 by the Vietnamese government.

We would greatly appreciate the insights and expertise you will bring to the hackfest and the conference. It would be grateful if you could join us in this event to share your knowledge among other peers.

If you have any questions, please contact us at asia-summit-list@gnome.org

Yours sincerely,

Paul Cutler
President and Chairman, GNOME Foundation
