

GNU/LINUX INSTALL PARTY 9

First, here's a little presentation of what we do :

OUR OBJECTIVES :

- Promote the Free and open source mindset.
- Encourage mutual help between students and the growth of their sense of collaboration.
- Help the students reach their full intellectual potential.

TRAININGS AND WORKSHOPS :

- Java & Android Dev.
- Web Dev.
- Arduino 101.
- Social Media.
- Gimp & Inkscape.
- GNU/Linux 101.
- Git.

OUR PROJECTS :

- Your Way Into Free & Open Source. (Partnership with Mozilla Algeria)
- JerrySchool.
- FOS Jump.

OUR EVENTS :

- GNU/Linux Install Party.
- Pi Day.
- Arduino Ta3i & Arduino Setup.
- InforMathics.

This year's Install Party will be about The Open Source Achievements. The idea around this theme is to show people what the open source has achieved in each aspect of our lives along with the importance of sharing and participating and this, through, talks and activities addressing the philosophy, how it works and how each one of us can contribute to it; and workshops tackling on multiple tools and communal projects that revolutionized their field.
